

Local Matters.

DEATH OF COL. WELCH.—The most profound regret is felt and expressed in this vicinity at the late of Col. N. V. E. WELCH, of the 10th, who had many acquaintances here as old associates and new friends by whom he was universally beloved and respected. We extract an account of his death from the correspondence of the N. Y. Herald, giving the details of the battle of Poplar Springs:

"A commission to him who first mounted the parapet of that redoubt," shouted Colonel Welch, of the 16th Michigan, to his men, "Follow me." He led his regiment. He was the first to mount the parapet, when he waved his sword. In an instant a rebel bullet penetrated his brain, and he lay dead. The men followed simultaneously and mounted the works at different points, the colors of some half dozen regiments floating triumphantly where a few moments before rebel colors had flaunted their traitorous folds in the breeze. It is a wonder that there should be different claimants for the honor of being the first to plant the Stars and Stripes on the works? All behaved magnificently, and all are deserving of life and honor. Nearly a hundred prisoners were captured and one cannon. The enemy got off his remaining guns, but not all his horses.

Suicide.

Sometime during the night of the 26th inst., Mr. E. G. Pratt, of this place, committed suicide by shooting himself through the head with a shot gun.

A coroner's inquest was held on the morning of the 27th, by H. Carter Esq., at which the following facts were elicited:

Mr. Pratt, on the evening of the 26th had gone just across the road to his daughter's, and feared to return, because of the violence of the deceased. On his return in the morning, Mr. Pratt was discovered dead in a closet, where he had evidently gotten in order that the noise of the gun might not be heard.

He had evidently, bared one foot, placed the muzzle of the gun at the right corner of the mouth, stooping over the gun a little and with his toe discharged it. A hole was blown from the corner of the mouth, through the head coming out near the top, and a little back. The death was undoubtedly, done not far from midnight.—*Mr. Clemens Press, Sept. 29.*

The deceased, Elbridge Gerry Pratt, was a half brother of Hosea Pratt of this city, and in justice to the family it is deemed best to publish certain facts in connection, not generally known, and which, however lamentable, in a measure excuse and fully explain the terrible act.

The family was formerly from Braintree, Mass., and suicidal monomania was unquestionably hereditary in the branch of which E. G. Pratt was the last survivor. His grandmother, mother, one of her brothers, one of his own brothers, and one sister terminated their existence by hanging, another brother, Rev. J. T. Pratt, died from the effects of an over dose of morphine, not a proper remedy at the time, and yet not known to have been designedly taken.

The deceased was, many years ago, a member in good standing in the Methodist Episcopal church at Mt. Clemens, he had trouble with that body, his connection therewith was severed and from that time he became a prey to the hereditary mental disease which drove him to the perpetration of the fatal act which terminated his life. He had made the attempt before but failed to accomplish his purpose.

The Fair, held at Irving Hall last Thursday evening, for the benefit of St. Paul's Church, was in an eminent degree creditable to the Ladies of that Church, under whose supervision it was designed and carried out, and resulted in adding a liberal amount—the Fair and Concert netting between nine and ten hundred dollars—to the funds of the Church. The articles offered for sale were unusually rare and elegant. The refreshments were irresistibly tempting, and everything connected with the affair pleasant and satisfactory; so much so that the time of a second day and evening had to be given to the entertainment to satisfy its numerous and enthusiastic patrons.

PRESENTATIONS.—Something handsome in the line of presentations was done on the eve of the departure of the 31st Regiment from Saginaw.—The citizens of East Saginaw presented Col. Thomas Saylor with a fine horse; the citizens of Flint paid a like compliment to Lieut. Col. E. Frank Eddy; the officers of the regiment presented Hon. John F. Driggs, Commandant of the Camp, with a magnificent gold watch, and many of the line officers were presented by the localities from which they severally hailed with valuable and appropriate testimonials of esteem and regard.

DEPARTURE OF THE 31st.—The 31st Regt. Mich. Vol. Inf., recently recruited in the 6th District and quartered opposite this city took its departure on Thursday, Oct. 6th, for the front, via F. & P. M. Railway, and was escorted as far as Flint by the Silver Cornet Band of this City. It numbered between eight and nine hundred, rank and file, is composed of hardy, stalwart men, commanded by field officers of known bravery and experience, and will without doubt give a good account of itself.

FLINT AND HOLLY RAILWAY.—The present seemingly interminable rainy spell is by no means favorable to the completion of this link in the chain of railway connections from Saginaw to "the rest of mankind." Considerable work is undone which requires a decent state of dryness for its performance, and in the meantime Boss & Burrell's line of coaches must catch heavy loads daily, until the clerk of the weather "dries up."

DEMOCRATIC MEETING.—A large and enthusiastic meeting was held at the Rooms of the Second Ward McClellan Club Thursday night of last week. The President of the Club, Dr. A. G. Bissell, opened with a few pointed and pertinent remarks, and W. L. Webber Esq. followed in a speech of some length, wherein he set forth the issues of the campaign in clear and unmistakable terms, and gave a masterly review of the events of the past three years, exposing the baseness of the Administration in their treatment of Gen. McClellan, and showing, in honorable contrast, his manly, unselfish and patriotic action in every emergency.

LUMBERING.—Lumbermen are a trifle cautious in regard to woods operations during the coming winter, the high price of labor and supplies and the uncertainty of future markets rendering the business slightly precarious, nevertheless we hear of some transactions which go to show that there will by no means be a hiatus in the log business. One gentleman from the East has already contracted for the delivery of 6,000,000 feet of logs on the Chippewa, and home operators are moving carefully but with certainty for a fair stock.

A HANDSOME TESTIMONIAL.—Mr. Henry Hobbs, formerly of the Bancroft House in this city, being about to leave the position of General Freight Agent of the Saginaw Division of the Erie Railway, which he has filled since leaving Saginaw, to accept the Superintendency of the Eastern Division of that Road, his friends—the employees of the Road at Elmira—presented him with a service of silver plate, valued at \$500, in token of their appreciation of his "worth as a citizen, friend and Railway man."

PANIC.—The recent small sized panic, which in the aggregate is not likely to prove "much of a shower," has had the effect to put business men on their guard for the general deluge in financial matters which the most practicable deem inevitable. More economy, less expansion, and a decent regard for threatened danger in this respect, may save many who otherwise must go to the wall in the event of a panic of equal magnitude of those of former years.

SAGINAW CIRCUIT COURT.—At the close of the last session of the Circuit Court for the County of Saginaw, on the unanimous request of the members of the Bar, it was announced by the Circuit Judge that at the November Term, no business would be done at the opening of Court, but the Court would adjourn from Nov. 1st, until Dec. 6th, 1864, at 10 o'clock A. M.—Cases to be noticed, and Calendar to be made up for November Term in the usual manner, but no business to be transacted till December 6, 1864.

2d WARD McCLELLAN CLUB.—A meeting of the Second Ward McClellan Club will be held at Headquarters Lathrop's Block, Thursday evening next, Oct. 13. The Rooms will be kept open during every day until the close of the canvass, and a good variety of sound Democratic reading will always be found in camp. "The latch string is out." Let the Democracy avail themselves of the opportunity to post up and counsel together.

\$1,000 REWARD.—The Common Council and citizens of this city offer a reward of \$750, and the Sheriff of the county \$250, making \$1000 in all, for the detection, apprehension and delivery of the murderer of Charles Ring, on the night of the 14th ult.

PIONEER FIRE CO.—The following officers were elected for the ensuing year by Pioneer Engine Company No. 1, of this city, at their regular annual meeting, Wednesday, Oct. 5: Foreman—A. W. EGGERT. 1st Assistant—I. W. HOWARD. 2d Assistant—W. B. BURT. Treasurer—E. A. MOORE. Secretary—SILAS McFARLANE. Foreman of Hose—JOHN WELLS.

AT COST.—Koch & Heller, South Water Street, a few doors from "Curtis" Hardware Store, advertise "owing to the present unsettled state of the market," to sell their stock of Ready Made Clothing, Furnishing Goods, etc., at cost.

POLE RAISING.—Last Monday the Democracy of Saginaw City raised a fine hickory pole, and run up the names of McClellan and Pendleton.

ENCOURAGEMENT.—It is estimated that at least one-third of the newspapers published in the United States four years ago have suspended publication.

NEWS.—Guerrillas on the rampage everywhere. All quiet about Atlanta—Rebels under Lee preparing for desperate demonstrations in various directions; rebel works west of Petersburg reported very strong. Fears of the capture of the N. Y. and Havana steamer Ronokabe by the Pirates.—The very latest telegraphic intelligence from Richmond, is that the rebels are strengthening their works, also their force opposite our extreme left, and are preparing to drive us from our new position.

A JAM.—Lenheim, North Water Street, has accumulated an immense raft of new goods in the way of Boots Shoes, &c., and his jam of customers are about equal to the Bolognas, etc.

SALT.—The Detroit quotations for October 5, are: "LOWER. We quote at \$2.95 for fine and \$3.00 for coarse."

Snow.—The first snow of the season fell here Saturday, Oct. 8th.

MARRIED. In this city, at the residence of J. P. Bundy, Esq., on the 31st, by Rev. T. J. Joslin, Oscar S. Davis, U. S. A., and Miss Sarah Egan, of East Saginaw.

We congratulate our reverend friend, Oscar, on this happy improvement in his situation, and extend to the pair our hearty good wishes acknowledging, in the meantime, an item in the way of "supplies," suggestive of a most abundant commissariat in "Jesse's" dominions.

DIED. In this city, on the 6th inst., ANNA E., wife of T. W. GILBERT, daughter of ABRAHAM and POLLY JACKSON, aged 35 years.

TO THE POKER.

The subscriber takes this method of informing the readers of the *Poker* that he has actually expressed an opinion, and still is of the same, to-wit: "I rather see a daughter of mine marry an intelligent, honest negro man, than an ignorant, mean white man," not "a common white laboring man," as the *Poker* has it, and I don't hesitate to say still further, that if white and black were equally well educated and good, I would even then leave my daughter her choice, after explaining to her the possible consequences in regard to the prejudiced white part of society.

I was educated myself, without such aristocratic prejudices against poverty or color; I esteem all human beings alike, when showing their right for such by a certain degree of cultivation of heart and mind, and I always feel the deepest interest in seeing them that have had no chance to develop their intellect, seek such cultivation in good schools—may the seeker be white or black. Reason as well as your God, that you so ostentatiously worship, don't know of any difference, in marking as regards color, it seems only upon the heart and the good will. And I hold the real happiness of my children higher than such a false shame or pride.

My object in answering the intended slander, but which as I showed, is only in part a *lie*, is to let the *Poker* know that I thought and I believe every supporter of the *Poker* thought it to be the means of bringing to light and expose facts that could not well be touched by law, to warn the public of secret villas and prohibit non-perpetration. But if used as a paper for the expression of character and personal malice, open to everybody for pay for it, such as an insert in the four last issues shows—which tried to discover friendly relations between a young lady and an honest hard-working young man, by trying to disclose the fact that he probably is a Jew; it is making a crime to be born of Jewish parents. Then, Mr. Editor, you will, better, you must lose the good will of all people that acknowledged your right of existence as long as you kept within the limits of your own paper, and published in most every edition—but instead, will certainly have the hearty support of those who have formerly protected.

DIARRHEA AND DYSENTERY.—We have examined a great number of Letters from some of the most prominent citizens of Cincinnati and Covington, etc., speaking in the highest terms of Dr. Strickland's Anti-Cholera Mixture for the cure of diarrhea and dysentery. The letters are too long to publish. Mr. Woods, of Covington, says he was pronounced incurable by the best doctors in Cincinnati, and one bottle of Dr. Strickland's Anti-Cholera Mixture effected a permanent cure after suffering for months with worst form of Diarrhea and dysentery. 50 cents per bottle. For sale by druggists.

U. S. 7-30 LOAN.

The Secretary of the Treasury gives notice that subscriptions will be received for Coupon Treasury Notes, payable three years from Aug. 16, 1864, with semi-annual interest at the rate of seven and three tenths per cent. per annum—principal and interest both to be paid in lawful money.

These notes will be convertible at the option of the holder at maturity, into six per cent. gold bearing bonds, payable not less than five nor more than twenty years from their date, at the government's pleasure. They will be issued in denominations of \$50, \$100, \$500, \$1,000 and \$5,000, and all subscriptions must be for fifty dollars or some multiple of fifty dollars.

The notes will be transmitted to the owners free of transportation charges, as soon after the receipt of the original Certificates of Deposit as they can be prepared.

As the notes draw interest from August 15, persons making deposits subsequent to that date must pay the interest accrued from date of note to date of deposit.

Parties depositing twenty-five thousand dollars and upwards for these notes at any one time will be allowed a commission of one quarter of one per cent, which will be paid by the Treasury Department upon the receipt of a bill for the amount, certified to by the officer with whom the deposit was made. No deductions for commissions must be made from the deposits.

Special Advantages of this Loan. It is a NATIONAL SAVINGS BANK, offering no higher rate of interest than any other, and the best security. Any savings bank which pays its depositors in U. S. Notes, considers that it is paying in the best circulating medium of the country, and it cannot pay in anything better, for its own assets are either in government securities or in notes or bonds payable in government paper.

It is equally convenient as a temporary or permanent investment. The notes can always be sold for within a fraction of their face and accumulated interest, and are the best security with banks as collaterals for discounts.

Convertible into a Six per cent. 5-20 Gold Bond.

In addition to the very liberal interest on the notes for three years, this privilege of conversion is now worth about three per cent. per annum, for the current rate of 5-20 Bonds is not less than nine per cent. premium, and before the war the premium on 6 per cent. U. S. Stocks was over 20 per cent. It will be seen that the actual profit on this loan at the present market rate is not less than 10 per cent. per annum.

Its Exemption from State or Municipal Taxation.

But aside from all the advantages we have enumerated, a special act of Congress exempts all bonds and Treasury notes from local taxation. On the average this exemption is worth two per cent. per annum, according to the rate of taxation in various parts of the country.

It is believed that no securities offer so great inducements to lenders as those issued by the government. In all other forms of indebtedness, the faith of private parties, or stock companies, or separate communities, only, is pledged for payment, while the whole property of the country is held to secure the discharge of all the obligations of the United States.

While the government offers the most liberal terms for its loans, it believes that the strongest appeal will be to the loyalty and patriotism of the people. Duplicate certificates will be sent for all deposits requested to connect with the agency of the original certificates the denominations of notes required, and whether they are to be issued in blank or payable to order. When so endorsed it must be left with the officer receiving the deposit, to be forwarded to the Treasury Department.

Subscriptions will be received by the Treasurer of the United States, at Washington, the several Assistant Treasurers and designated Depositories, and by the

First National Bank, Ann Arbor, Mich., Second National Bank of Detroit, Mich., and by all National Banks which are depositories of public money, and

ALL RESPECTABLE BANKS AND BANKERS throughout the country will give further information and

READ WHO SAYS SO:

From the Rev. Levi G. Beck, Pastor of the Baptist Church, Pemberton, N. J., formerly of the North Baptist Church, Philadelphia.

I have known Hoffland's German Bitters favorably for a number of years. I have used them in my own family, and have been so pleased with their effects that I was induced to recommend them to many others, and know that they have operated in a beneficial manner, and have taken great pleasure in thus publicly proclaiming this fact, and calling the attention of those afflicted with the diseases for which they are recommended, to these Bitters, knowing from experience that my recommendation will be sustained.

Do this more readily in regard to Hoffland's Bitters, intended to be the afflicted, and is "not a run drink." Yours truly, LEVI G. BECK.

From Rev. J. Newton Brown, D. D., Editor of the Encyclopedia of Religious Knowledge and Christian Literature, Philadelphia.

Although not disposed to base or recommend Patent Medicines generally, through distrust of their ingredients and effects, I yet know of no sufficient reasons why a man may safely testify to the benefits he has received from Hoffland's Bitters, from any simple preparation in the hope he may thus contribute to the benefit of others.

I do this the more readily in regard to Hoffland's German Bitters, prepared by Dr. C. M. Jackson, of this city, because I was prejudiced against them for many years, under the impression that they were chiefly an alcoholic mixture. I am indebted to my friend, Robert Schomaker, Esq., for the removal of this prejudice by proper tests, and for encouragement to try them when suffering from great and long continued debility. The use of three bottles of these Bitters at the beginning of the present year, was followed by a most rapid and complete restoration to a degree of health and vigor which I had not felt for six months before, and had almost despaired of regaining. I therefore thank God and my friend for directing me to use them.

J. NEWTON BROWN, Phila.

From the Rev. J. H. Kennard, Pastor of the 10th Baptist Church.

Dr. Jackson:—Dear Sir:—I have been frequently requested to connect my name with commendations of different kinds of medicines, but regarding the practice as out of my appropriate sphere, I have in all cases declined; but with a clear proof in various instances, and particularly in my family, of the usefulness of Dr. Hoffland's German Bitters, I depart from my usual course, to express my full conviction that, for general debility of the system and especially for Liver Complaint, it is a safe and valuable preparation. I mean cause it may fail; but usually, I do not, it will be very beneficial to those who have to bear testimony to the excellence of the German Bitters. Some few years since, being much afflicted with Dyspepsia, I used them with very beneficial results. I have often recommended them to persons afflicted by that tormenting disease, and have heard from them that it has done them more good to their great value. In cases of general debility, I believe it to be a tonic that cannot be surpassed.

J. M. LYONS.

From the Rev. J. H. Turner, Pastor of Hedding M. E. Church, Phila.

Dr. Jackson:—Dear Sir:—Having used your German Bitters in my family frequently I am prepared to say that it has been of great service. I believe that in most cases of general debility of the system it is the safest and most valuable remedy of which I have any knowledge.

Yours, respectfully, J. H. TURNER.

From the Rev. J. M. Lyons, formerly Pastor of the Columbus (N. J.) and Kiltown (Pa.) Baptist Churches.

Dr. C. M. Jackson:—Dear Sir:—I feel it a pleasure to say that of my own family, and of the excellence of the German Bitters. I have often recommended them to persons afflicted by that tormenting disease, and have heard from them that it has done them more good to their great value. J. M. LYONS.

From the Rev. J. S. Herman, of the German Reformed Church, Kutztown, Berks County, Pa.

Dr. C. M. Jackson:—Respected Sir:—I have been troubled with singular and distressing nervous system, and have never used any medicine that did me as much good as Hoffland's Bitters. I am very much improved in health, after having taken five bottles.

Yours, with respect,

J. S. HERMAN.
